Buda, March 18.

EIght Hundred Heydukes lately liſted in theſe Parts to compleat Count Giulay's Regiment, are on their March to join the ſaid Regiment in Italy. Recruits daily paſs by this Place towards the Quarters of the ſeveral Imperial Regiments for which they were raiſed, as do likewiſe great Numbers of Horſes for remounting the Cavalry, and it is hoped our Army will be ready to take the Field by the Beginning of next Month. It is ſaid the Campaign will be opened by the Siege of Bihatz, a very ſtrong Caſtle on the River Unna in Croatia, in which Service a Detachment of 16000 Men is to be employed: Some Turkiſh Parties advanced lately towards the Imperial Quarters on that Side, but retired with Precipitation upon the Approach of our Troops that were ſent out againſt them. We hear a Body of Turks and Tartars is aſſembling towards Widin, with Intent to make an Incurſion into Walachia and Tranſilvania.

Naples, March 15. Upon the Advices we have received that the Spaniards are ſending Reinforcements of Troops to their Army in Sardinia, and tranſporting thither conſiderable Supplies of Ammunition and other Stores our Viceroy has given repeated Orders for haſtening the Repairs of the Fortifications of ſeveral Places in this Kingdom, particularly thoſe of Capua, to which ſome new Works are to be added, and for filling their Magazines with warlike Stores, and doing whatever elſe may be neceſſary to put them in the beſt Poſture of Defence. Directions are given in this City, and in the other chief Towns, to prevent clandeſtine Meetings of Perſons ſuſpected of Diſaffection to the Government, ſeveral of whom have been ordered to depart out of the Kingdom; and Numbers of Vagabonds, the looſeneſs of whoſe Morals makes them unprofitable Members of the Commonwealth, and dangerous to the publick Peace in Caſe of any Diſturbance, have been ſeized both here and in the Country, and ſecured in our Arſenal and other Places of Safety, in order to be ſent to ſerve in the Army in Hungary. The Leopold Man of War, and ſome other Ships of Force, and the Gallies of this Kingdom, are ſailed for Iſtria, to convoy the Tranſport Ships which are to bring from thence the Imperial Troops that are ordered hither, a conſiderable Part of which are already arrived at Fiume, where they are to embark; and it is ſaid, that as ſoon as the Seaſon will permit a Camp is to be formed in the Neighbourhood of Capua, as the moſt proper Place for our Troops to be at hand to oppoſe a Deſcent, if the Spaniards ſhould attempt to make one upon our Coaſts.

Genoa, March 22. The warlike Preparations that are making in our Neighbourhood, have induced our Senate to provide likewiſe for the Safety of their Territories; in order to which two Regiments are raiſing here, and another in the Iſland of Corſica, to reinforce our Garriſons, and a good Quantity of Ammunition is bought to be laid up in our Magazines. Six Spaniſh Men of War are lately come into Porto Longone, where the Spaniards have got together a conſiderable Quantity of warlike Stores. It is ſaid the Rendezvous of their Fleet is to be at Cagliari, and that Orders are ſent to all their Cruizers to repair thither forthwith, except four that are to continue in the Adriatick Gulph, to endeavour to intercept the Supplies of Troops and Ammunition that are to be tranſported from Fiume in Iſtria to the Kingdom of Naples.

Berne, March 30. The Deputies of this Canton who are employed in the Treaty now on foot for reſtoring Peace and good Neighbourhood with the Abbot and Chapter of St. Gall, are ſhortly expected here from Baden, to receive freſh Inſtructions upon ſome Matters that do yet remain in Diſpute between that Abbot and the Canton of Appenzel and City of St. Gall. They leave their Secretary behind them to tranſact in their Abſence, and are to return thither after the Eaſter Holidays; and as the principal Points of that Negotiation are ſaid to be fully adjuſted, we hope to ſee it ſoon brought to a good Iſſue. Letters from Milan of the 22d paſt ſay, they were working with great Application upon the Repairs of the Fortifications of that Town and Citadel, and that Orders were given for doing the like at Tortone, Novara, and other Places of that Dutchy, whoſe Magazines were alſo filling with Ammunition and other Stores of War; and that the Duke of Parma was likewiſe putting Placentia and the other Frontier Towns of his Territories into a Poſture of Defence, and had reinforced his Garriſons.

Whitehall, April 4. His Majeſty has been pleaſed to direct Letters Patents to paſs the Great Seal of Ireland for creating the Right Honourable Charles Fane, Eſq; a Viſcount and Baron of that Kingdom by the Name, Stile and Title of Viſcount Fane, and Baron of Loughuyre, in the County of Limerick.

London, April 4. On the 22d of March laſt was launched at Lime-Houſe, the Ship Royal George, belonging to the South Company, whoſe Burthen contains 630 Tons one Tenth.

Whereas a Letter dated the 2d of April, Inſtant, and ſubſcribed W. &c. was ſent to one of His Majeſty's Principal Secretaries of State; the Subſcriber of that Letter is deſired to come to the ſaid Secretary of State, or either of his Secretaries, and he ſhall meet with all fitting Encouragement.
